UWA NURSING STUDENT UNIFORM ORDERING

Student uniform sizes may be determined by referring to the bust, waist & hip measurement listed (in inches) on the order form. Alternatively, SPH reception has one of each size of top & pant for students to try on for sizing purposes. Students must try on uniforms on campus & return to SPH reception promptly.

Students should enter onto the order form the size they require & quantity they desire. Purchase of uniform tops is compulsory; however students are welcome to purchase their own black pants if preferred. Students are encouraged to consider how many uniforms they will require on a ‘full-time’ two week clinical placement. Infection control standards require uniforms be washed after each wear. Two sets of uniforms would be a minimum requirement, with at least three sets of uniforms being ideal.

Complete the ‘personal details’ section on the order form. Note that uniforms will be delivered to the address you have entered. We have been advised delivery of goods will take approximately one business week, however, this can not be guaranteed. Students are advised to order their uniforms well in advance of their first clinical skills laboratory to ensure they are delivered in time.

Payment details should then be completed. Note cheque payment is acceptable. It is recommended you post your order form along with the cheque in this instance. Those paying by credit card may submit the order form electronically by clicking on the submit button at the bottom of the form. An e-mail receipt of order will be sent to your e-mail.

The uniform ordering process is independent of the university. It is an arrangement between yourself and the uniform company Scrubz Workwear. However, if you have any queries regarding nursing student uniform requirements please contact your Nursing Practice unit coordinator.

Black fleece jackets may be ordered separately to other uniform items. Students can order over the phone or in person with EmbroidMe Claremont. EmbroidMe Claremont are located at 205 Stirling Highway, Claremont and are contactable on phone number 9286 2600. Advise them that you would like to purchase a UWA nursing student fleece jacket. Ladies sizes range from 8-24 and men’s sizes range from XS through to 5XL. Payment of $64.50 per jacket will be required at the time of ordering (credit card payment over the phone is accepted). The final date to place orders with EmbroidMe is March 7th. Students will be advised via WebCT when their order is ready for collection from SPH reception.
