The Participation Network brings together consumers, community members and researchers who share an interest in research.

The Participation Network is unique and gives consumers and community members the opportunity to work with researchers in a wide range of research projects.

Signing up to be a member will provide you with information about events, training, resources and topical issues.

**How to join**

You can get more information and sign up to the Participation Network online at www.involvingpeopleinresearch.org.au by clicking on the Network tab.

Or contact the Participation Unit for assistance to join the Participation Network on 6488 8176 (Monday – Wednesday) or 9489 7742 (Thursday and Friday).
